SUMMARY

Passionate and dedicated Software Engineer with a strong computer science and programming foundation acquired through intensive training at Penn University Coding Boot Camp. Skilled in full-stack development, my hands-on experience includes designing, implementing, and maintaining web applications. Proficient in various technologies such as React, JS, CSS, HTML, Node.js, MySQL, MongoDB, and more. I am passionate about problem-solving and committed to delivering high-quality software solutions. Known for adaptability, teamwork, and a keen ability to learn quickly, I am ready to contribute to innovative projects and thrive in a dynamic software development environment. Proficient in debugging, helping elevate user experience, and streamlining internal processes.

PROFICIENCIES

Front-End

| HTML | CSS | JavaScript | React | Bootstrap | JQuery |

Responsive Design

Back-End

| APIs | Node.js | Express | MySQL | Sequelize | MongoDB |

| Mongoose | REST | GraphQL |

EXPERIENCE

BootCamp Software Student

University of Pennsylvania

📅 10/2023 - 02/2024   📍 Philadelphia, PA

Worked and studied with the student's team in creating new web applications.

- Collaborated on the app development
- Utilized acquired skills during group projects
- Improved my problem solving skills while learning new coding features

STRENGTHS

Analytical and Problem-Solving Skills

Used problem-solving skills to debug and enhance applications.

Teamwork and Collaboration

Worked in collaborative group projects

Quick Learner

Quick learner, adapting to new languages, frameworks, and tools as needed for new projects.

CERTIFICATION

Advanced Web Development

Completed a certification course provided by **University of Pennsylvania**.

PASSIONS

Mentoring

I enjoy contributing to the learning journey of others and fostering a spirit of continuous learning.

Coding Challenges

Participates in coding challenges regularly to refine technical skills and stay updated with the latest programming trends.
